### Mass Air Attack By The Allies Is Heaviest of War

Six Thousand  
Planes Bomb  
Strip Brittany  
To Belgium

By AUSTIN BEALMEAR

LONDON, May 20—(AP)

—In the greatest mass air attack of the war the Allies hurled 6,000 British-based planes at Hitler's west wall defenses today and blasted a 50 mile strip from Brittany to Belgium with a total of at least 8,000 tons of explosives.

Sixteen rail junctions, eight airfields and numerous other installations which Hitler hoped to use in combating the coming western invasion were pounded in the gigantic onslaught which began soon after midnight and extended twice around the clock into darkness tonight.

Allied losses amounted to all the operations from midnight to midnight amounted to seven RAF heavies, two U. S. heavies, three American mediums, two American light bombers, five American fighters and one American fighter-bomber—total of 20 planes.

Every type of plane based in Britain was thrown into the unprecedented bombardment, with the Allied expeditionary air force—which will move into the continent in support of the invasion landings—flying more than 4,000 sorties.

**American Armada**  
An American armada of nearly 1,250 heavy bombers and fighters set the pace for the daylight blows with attacks on three airfields and the rail center after the RAF had started the day's cycle with attacks on four important French rail centers.

The Americans sent out a four to one escort—1,000 fighters accompanying a force of approximately 250 Fortresses and Liberators—in the principal daylight operation.

Possibly the air command suspected strong fighter opposition and wanted to be prepared by sending out one of the highest escort ratios of the war, but the precaution proved unnecessary. The fighters went looking for trouble, yet sighted only a few German planes and none of them reached the bombers.

Two Nazis were downed while the American loss was two bombers and five fighters, most of them probably victims of flak.

Long after the heavies returned to their bases the skies over France remained thick with the medium bombers, fighters and other light planes of the AEA.

**Tons Of Bombs On Airfields**  
Marauders and Havocs—the terrible twins of the American side of the AEA—alone dumped more than 850 tons of bombs on five airfields, the post area of Dieppe and other military targets, striking in strength at the continent twice during the day.

Three Marauders and two Havocs were lost in the double-barreled assaults, but all their escorting fighters returned. Flak was reported especially heavy over Dieppe, which was pounded for the second time in two days.

### Graduation at Sacred Heart Tonight

Eighth grade graduates of Sacred Heart school will receive their diplomas at the 7:30 o'clock services at the church tonight.

Awards for perfect attendance will be given to the following: Genevieve Dick and Edward Staley, grade seven; Leo Seifner and Wilfred Barch, grade four; Ruth Pfeiffer, grade three; and Mary Helen Seifner, grade one.

The graduates are: Edward Bahner, Robert Barsch, Charles Bolton, Joseph Imhauser, Donald Eschbacher, Rosann Behrens, Betty Brosch, Mary Cooney, Rosemary Firisch, Georgiann Holdner, and Joan Reid.

Among the graduates highest scholastic rank is held by Joan Reid, and in second place is Mary Cooney.

### The Weather

Sunday thundershowers, little change in temperature, except cooler in east central; Monday, thundershowers in east, little change in temperature.

### Proclamation

Saturday, May 2, was proclaimed Poppy Day in Sedalia by Mayor A. H. Wilks. The Mayor called upon all citizens to observe the day by wearing poppies in honor of the men who have given their lives in the nation's defense.

The proclamation stated: "Whereas, the United States of America is again being forced to crush powerful enemies seeking to establish their tyranny over the world, and

"Whereas, the young men of Pettis county again are offering their lives in the nation's service, and

"Whereas, the memory of those who have given their lives is cherished by us all and is an inspiration to us all in these grave days, and

"Whereas, their service and sacrifice is symbolized by the memorial poppy of the American Legion auxiliary, and the 'buddy' poppy of the Veterans of Foreign Wars and auxiliary, now therefore

"I, A. H. Wilks, Mayor of the City of Sedalia, do hereby proclaim, May 27, 1944, to be Poppy Day in the City of Sedalia, and urge all citizens to observe the day by wearing the poppy in honor of the men who died for America in the battles of World War I and World War II.

A. H. Wilks,  
Mayor.

### Senate Passes Tax Measure

Reshuffling of  
Entire Income  
Tax Structure

WASHINGTON, May 20.—(AP)—A "painless extraction" tax bill, designed to excuse some 30,000,000 of the nation's 50,000,000 taxpayers from having to fill out any more federal income tax returns, passed the senate today by voice vote.

The measure, which obligates the collector of internal revenue to do most of the taxpayers' arithmetic, was sent back to the house for concurrence in minor technical changes.

It reshuffled the entire income tax structure, scraps the two-year-old victory tax and sets new normal and surtax rates and exemptions while holding the total individual income tax burden only \$60,000,000 smaller than the present \$170,000,000 level.

Senator McCarran (D-Nev.) abandoned plans to amend the bill to cut the cabinet tax from 30 to 10 per cent after he said he was assured by finance committee chairman George (D-Ga.) that the amendment would be accepted to a pending bill raising the national debt limit from \$210,000,000 to \$240,000,000.

The simplification bill changes completely the withholding levy against wages and salaries—effective next January—to deduct currently the full tax liability of persons earning up to \$5,000—thus making the withholding levy the actual tax for some 30,000,000 persons and removing the need for their computing formal returns.

Of the 20,000,000 who still would be required to file returns, 10,000,000 (those earning less than \$5,000 but with incomes other than salary and wages) could use a simple table showing their entire tax. The remaining 10,000,000, with incomes over \$5,000, would fill out more detailed returns which still would be simpler than the present long form.

Until next January, there would be no change in the amounts held out of pay envelopes and salary checks.

The bill changes personal exemptions from the present schedule of \$1,200 for a couple plus \$350 per dependent to a flat exemption of \$500 a person, and allows a flat 10 per cent discount in lieu of present deductions for contributions to religious, educational and charitable institutions for other taxes and interest paid.

### Tottering Hitler Line Pounded

U. S. and French  
Troops Force The  
Nazis Back Up  
To Fifteen Miles

By EDWARD KENNEDY

ALLIED HEADQUARTERS, Naples, May 20. (AP)—American and French troops, smashing through the crumbling Hitler line, pounded the whole southern half of the German front back today in a wide swing toward a new wall anchored at Terracina—only 25 miles from Allied might massed on the Anzio beachhead.

The Germans lost heavily in men, tanks and guns as they were being forced back in disorder up to 15 miles to a new "switch-line" from Pico to Terracina, headquarters declared.

The Eighth army successfully assailed the fortified line farther north, and the French punched deeper into the mountains in the center.

The Nazi "switch line" runs from Pico in the middle of the Italian front 21 miles southeast through a horseshoe-shaped mountain ridge to Terracina on the sea. The lower half of the Hitler line originally had run through Pico to American-captured Formia, nearly 20 miles east of Terracina. Visualizing on a clock that this swing means in territory—it is as though the long hand (pivoting at Pico, had moved from 6 (Formia) to 8 (Terracina).

### Americans In Big Gain

Associated Press correspondent Sid Feder, traveling with the advancing Fifth army along the coast, reported from the front late tonight that the Americans had reached a point 35 miles from the Anzio beachhead "without meeting more than casual opposition."

(If the point reached was along the coast it would mean that the Americans were within about 10 miles of Terracina, base of the new German line. Early Saturday the London radio reported that the Fifth army was a little more than 20 miles from the beachhead, but no source of this report was given and late front dispatches failed to confirm it.)

Feder reported that the enemy had been retiring before the Americans for the past two days so fast that they left piles of equipment, including cannon with a 20-mile range, along the route.

### Take 5,500 Prisoners

The German high command acknowledged loss of Campidomele, southwest of Pico and within a few miles of the Pico-Terracina line.)

In nine days of this offensive intended to crush the German 10th army, 5,500 Nazi prisoners have been taken, with more coming in, and the Germans have suffered considerable losses in dead, innumerable guns and tanks, and vast supplies.

### Court Martial In Triple Slaying

CAMP ANZA, Calif., May 20.—(AP)—With death before a firing squad the penalty in case of conviction, 2nd Lt. Beaufort G. Swannett of La Crosse, Wis., faces a general court-martial Monday on charges of killing two young women and his superior officer in a wild shooting orgy here March 4.

Lt. Swannett is accused of the murder of Dorothy Douglas and Louraine Livermore, both 19, and of Long Beach, Calif., and Capt. Aubrey G. Serbing of Preston, Minn.

Not involved in the trial is the killing of Arthur B. Simpson, Riverside, Calif., policeman, who died in a gun battle in nearby Arlington, where Swannett was wounded and captured, outside the military reservation.

Wounded in the gunfire, which followed a dance at the camp Anza officers' club, were 2nd Lt. Albace W. Minard of Pomona, Calif., and Harry J. Light of Bridgeport, Conn. Corp. Robert Swanson of Camp Anza, and Ray Schlegel, Los Angeles war worker whose car witnesses said Swannett tried to commandeer.

### Man Charged With Murder—The Victims

Mrs. Pearl Fairfax, 59, (extreme left) and her daughter, Mrs. Mattie Molly Grose Holland, 44, (center) whose husband, Edgar W. Holland, 44, (right), was charged with the murder of his wife, 36-year-old Molly Hattie Holland, Saturday with first degree murder in the decapitation slaying of his wife, 36-year-old Molly Hattie Holland.

### Two Children Are Killed By Lightning

Irene Pabst and Brother Lose Lives Near Clifton City

Mrs. Harry Walch Returns Today From Rochester, Minn.

Mrs. Harry Walch, who underwent a major operation at St. Mary's hospital, Rochester, Minn., has improved sufficiently to be dismissed from the hospital, and will return home this afternoon.

She is being accompanied by Mr. Walch and their three oldest sons, Stanley, Charles and Tony Walch, who motored to Rochester for her. Enroute home they stopped for a short visit with Mr. Walch's brother, Louis Walch and family, in Ottumwa, Iowa.

Porter Hopkins, 71 years of age, suffered two simple fractures of the right arm below the elbow, severe lacerations of the head, and possible back and internal injuries Saturday afternoon about 4:30 o'clock when he was struck by the engine of the Missouri-Pacific Lexington Branch train near where the track intersects Ohio avenue.

Hopkins, who lives at 116½ East Main street over Kanter's grocery, was walking slowly from Ohio avenue diagonally across the tracks, it was said, when he was struck by the train, just as it was pulling out from the station where it had unloaded its express packages. The train, No. 656 is scheduled to arrive in Sedalia at 11:40 a. m., but was running several hours late Saturday.

**Tried to Avert Being Hit**  
It was believed that as he stepped into the path of the oncoming locomotive he attempted to avert being hit and made a lunge for a small step on the engine's side. At the time he was found he had been dragged along the track about 30 feet, it was estimated.

John Baldwin, 922 East Third street, Salvation Army officer, and L. G. Whitfield, 1617 East Sixth street, both of whom saw the accident, asserted that the whistle of the train had blown and that the bell on the locomotive was ringing at the time.

Adam Fischer, 708 Wilkerson was engineer of the train. McLaughlin's ambulance took Hopkins to the Bothwell hospital where Dr. C. B. Trader gave emergency treatment.

Hopkins told police officers at the hospital that his only relatives are a son, in the army, and a daughter, and that he does not know where either of them is at present.

### Be No State Fair This Year

JEFFERSON CITY, Mo., May 20.—(AP)—Missouri's state fair will not be held this year. Agriculture Commissioner John W. Ellis announced today, adding that the second successive cancellation of the annual event was caused by "conditions brought about by the war."

"A fair will have to be held next year, however," Ellis declared, explaining that the state's title to the fairgrounds requires a show be held at least once every three years.

Ellis, returning from a meeting of Missouri fair officials in Columbia today, said "these officials favor holding annual fairs to stimulate production of better livestock, poultry and farm products. Several fairs will aid the agricultural department in holding livestock shows and sales this year," particularly in connection with the work of vocational agriculture and 4-H clubs.

The Fair Officials' Association elected Arthur D. Bond of Mexico, Mo., its president and Rollo E. Singleton of Salisbury, secretary-treasurer.

### Holland In Statement On Arrest

"Honest fellows, I had no more to do with it than you had," Edgar W. Holland, former Sedalia automobile dealer, said to reporters in the office of Leo J. Harned, prosecuting attorney, Saturday afternoon when he was taken there for questioning in connection with the murder of his wife Molly Mattie Holland, 36, and her mother Mrs. Pearl Fairfax, 59.

During the interview with newspaper reporters, Holland turned to the Democrat-Capital reporter, whom he has known for many years, and said he desired to talk with him. Stepping to one side of the room he emphatically denied any knowledge of the murder of his wife or mother-in-law. Holland told the writer that he would give his side of the case at the proper time, he has plenty of proof to substantiate his innocence.

**Says He Had Little Sleep**  
"Kelly, I am too tired to give any statements, my mind is worn out as I haven't had much sleep since I was picked up at 5 o'clock last Tuesday morning. I want to give the newspaper boys my side of the story. I want to explain to them everything, where I have been and so on. I am not guilty of such a crime, Lord knows I loved my wife and you know that I gave her everything in my power."

"I am appealing to every business man in Sedalia, Warrensburg, Pettis and Johnson counties, and those in Kansas City who I did business with on any of these days, April 12, 13, 14 or 15. I can prove my whereabouts by them. If they will just recall my visits to their places, where I made purchases, paid bills, or had any kind of business transactions, I can prove my innocence."

"I know that Molly was in Knob Noster on April 14, because she bought groceries there that day," he said. Looking at a calendar on the wall, Holland said, "that was on Friday, and they say that the two women were killed on the 15th of April, and I was in Kansas City, that day which was Saturday. I even sold a car to the DeTar Motor Co. on East Fifteenth street, there on Saturday. I was in Kansas City early that morning and didn't return to my home until late in the evening. I came to Knob Noster on the train which gets in Sedalia about 6 o'clock, and I got 'Red' Pace at Knob Noster to take me home."

"When I got home, as I told you before, Molly and her mother were missing. I didn't think much about it at the time, because I thought they might have come to Sedalia. Then later when they didn't show up I figured Molly had made her threat good, that she was leaving. She had said not only to me, but to other people in La Monte that she was going to 'pull-out' that she was tired of 'cooking for hands'. I just waited thinking I might hear from her."

"It wasn't unusual because she had done this twice before. I never went to anyone to report their disappearance because I was ashamed," he said.

Holland gave his explanation of the conversation with the carpenter who repaired his kitchen floor (Please turn to page 4, col. 2)

**Boys Ordered Not To  
Swim In Park Lake**

"NO SWIMMING" signs should be posted by the Lake in Liberty Park as a reminder to the youngsters they can swim in the park but must use the swimming pool in the west section. Numerous complaints have been received by the Park Board of boys swimming in the lake.

Board members have announced disciplinary action will have to be taken if the boys are continued.

### Q. Studer Saved After Ship Sunk

Quinton Studer, formerly of Sedalia, who enlisted in the Navy from La Grange, Illinois, and who has been for the past year assigned to the USS Macaw as Mo. MM 1/c, was rescued when the ship was sunk in the Pacific Ocean, on February 13th, 1944.

He is a graduate of Smith-Cotton high school and is the son of Mr. and Mrs. L. L. Studer, formerly of Sedalia, and now residing in Mexico City, where Mr. Studer has been since January 1943, associated with the United States Railway Mission in Mexico.

### 'Innocent' He Claims As Jailed

Charged Only In  
Slaying Wife—Is  
Ordered Held  
Without Bond

Declaring "I am just as innocent as you are," Edgar W. Holland was charged Saturday with first degree murder in the decapitation slaying of his wife, 36-year-old Molly Hattie Holland.

The 43-year-old ex-convict told reporters "I don't know any more than you do" about the double killing of Mrs. Holland and her mother, Mrs. Pearl Fairfax, 59, who lived with the Hollands in a big white farmhouse near LaMonte, Mo., 18 miles northwest of here. Their headless bodies were found in the Lake of the Ozarks April 16 and 17 and identified only four days ago.

The first degree murder charge—which carries a possible sentence to Missouri's lethal gas chamber—was filed by Leo J. Harned, Pettis county prosecutor, in the court of C. W. Bente, police judge and ex-officio justice of the peace.

It alleged that Holland shot his wife with a shotgun and severed her head with "a sharp cutting instrument." It did not fix the date of the alleged murder.

**Jail Without Bond**  
Holland was committed to the Pettis county jail without bond. Harned said he had not decided whether he would file charges against Holland in connection with the death of Mrs. Fairfax.

Holland, a little man with slightly graying brown hair and sharp blue eyes, puffed nervously at a cigar and talked rapidly as he told reporters his side of the story.

The highway patrol announced at 11:45 o'clock Saturday morning that he had been arrested at 12:30 a. m. that day.

But Holland insisted "I was arrested last Tuesday—I don't know what else you'd call it when you are kept under guard of patrolmen with riot guns and pistols."

He said he was kept in the Tower Court cabin camp at the east edge of Jefferson City and questioned repeatedly by troopers. "They kept me up most every night," he complained. "They wouldn't let me talk to anybody. I couldn't even read the newspapers."

Holland told Harned "I'm too tired to answer any more questions," and the prosecutor postponed his interrogation.

Holland was convicted in 1928 of robbing the La Monte Bank of \$1,000 and sentenced to 35 years in the Missouri state penitentiary. He was paroled in 1936 and since then has been an automobile dealer and a farmer, operating a 276-acre farm.

Holland was paroled January 29, 1936, to the Rev. Theodore Dowler, of Laclede, Mo., according to records in the office of the secretary of state. The records do not show any release from parole, but it is assumed he has been released.

**Believed Killed On Farm**  
Neither Harned nor Col. M. Stanley Ginn state highway patrol superintendent, would discuss the state's theory of how the killings were committed nor the motive behind them. They said, however, they believed they were done in Holland's farm home.

"We found human blood inside (Please Turn To Page 4 Col. 1)

### Is Accused of Slaying Wife

KENNETT, Mo., May 2.—(AP)—First degree murder charges were filed today by Prosecuting Attorney Arthur Goodman against John W. Harper, 35, in the shotgun death of his wife, Mrs. Allie Harper, 32, at Malden.

Harper reported finding the body of his wife in bed early this morning. A charge from a shotgun had struck her in the neck. Authorities said Harper intimidated his wife had committed suicide and maintained innocence.

Harper's daughter and son-in-law were asleep in another room in the house but were not awakened by the shooting, state highway patrol Sgt. Ben Graham reported.

## Author Tells Of Hardships In Prison Camp

Wenzell Brown  
Vividly Tells Of  
Those Endured

Wenzell Brown, author and world traveler, brought to Sedalia Friday night a vivid plea from the suffering Americans, British, Dutch and Panamanians of the Stanley Prison Camp in Hong Kong, China, in an address at the Armory Friday night, arranged by the Pettis County American Legion. For seven months he was one of those sufferers and he spoke understandingly of the trials and the aftermath of the downfall of Hong Kong.

"Men went down to fight with rifles and bayonets and clubs—many died in defense of Hong Kong, and when the Japs came in they herded together every man, woman and child and thrust them behind barbed wire entanglements," Brown revealed. Now appearing in robust health, the lecturer remarked in an interview that he has gained 108 pounds in weight since his return to the States recently.

He has found, he remarked, that the attitude of the people has changed considerably in the last few months. They are truly beginning now to become war-conscious. Considerably more interest is being shown in war conditions everywhere in the world.

### Living Conditions Horrible

He reviewed the horrifying living conditions in the camp. Food for a day, he said, usually consisted of two small bowls of rice, a spoonful of meat or fish, and an ounce and a half of Chinese greens from sewage-watered gardens. Dysentery is a common ailment.

"They (the prisoners) scuffle along the roadways in torn, soles-less shoes. They are sick and hungry, but they are not beaten. They believe in you," the speaker pleaded in bringing the following message from the 2,700 prisoners he left behind:

"See what has happened here, and fight the men who have done it. Strike before they reach your shores. If you lose you must share our fate. That must not happen. Fight in our name; do one single act in our name that brings the war nearer its successful end. Then our suffering will not be in vain. We will have played the part in the final victory. What more can we ask?"

"Give a pint of blood, a dollar toward a gun, even a penny toward a bullet," he urged.

**Large Attendance**  
A crowd estimated at three hundred fifty to four hundred persons heard his accounts of murder, torture, rape, disease and death inflicted by enemy hands in the Chinese campaigns.

Brown's most recent book is "Hong Kong Aftermath" telling of his experiences after his capture. He had been a professor in the Chinese university of Ling Nan. In the current issue of Collier's magazine and in the May 2 issue of Look magazine are articles containing direct quotations from the book.

The lecturer was introduced by Charles L. Hanley, chairman of the Pettis county war bond committee. He spoke in Jefferson City Thursday and will continue his country-wide journey after spending the weekend in St. Louis.

Preceding Friday night's address, the SAAF band under the direction of Warrant Officer Thomas E. Wilson, gave a half-hour concert. The selections were "Hands Across the Sea," Sousa; overture, "Orpheus in the Underworld," Offenbach; "Mexican Hat Dance," South American melody; "Favorite Melodies," Victor Herbert; "National Emblem March," Bagley; and "Star Spangled Banner," in which the audience united their voices.

## Wounded Girl As 'Pay-off' For Ring

WASHINGTON, May 20.—(P)—The Treasury reported that a girl wounded in a shooting at El Paso, Tex., Friday carried \$25,000 from New York to El Paso in her brassiere as pay-off for an international dope smuggling ring.

The girl, identified by the Treasury as Hortencia Diaz, 17, of El Paso, was taken to a hospital with a bullet wound over the heart. The body of a man was reported found at the scene but details of the shooting were not available here. The Treasury said customs, narcotics and foreign funds control officers had been investigating the ring for two months.

Six weeks ago, the Treasury said, it learned that the Diaz girl and a 17-year-old girl companion were enticed to go to New York, as go-betweens for persons in this country and in Mexico.

The girls were shadowed throughout the trip, the Treasury reported, and when they attempted to cross into Mexico, they were halted and the \$25,000 found. The young women have been under technical arrest since then, the Treasury said.

## Fire Truck In Action at SAAF

The new Cardox Airport Fire Truck is shown here in action during a recent test at the Sedalia Army Air Field. A simulated C-47 was built and covered with oil and 100-octane gasoline. This was then set afire, and the fire-fighters were given a chance to test their new equipment. The white smoke is the mixture of carbon dioxide snow and smoke, which smothered the fire almost immediately.

In line with the modernization program, Sedalia Army Air Field acquired a Cardox Airport Fire Truck last week.

This truck will be handled by the Base Fire Department and the Crash Crew.

One of the modern marvels of fire-fighting, this latest addition to SAAF's Fire Department equipment will be of extreme importance in the control of airplane and gasoline fires on the field. The truck is fast and can reach any spot on the field in a very few moments.

This fire-fighting vehicle has two booms on universal joints that can be trained in any direction. It carries 6,000 pounds of carbon dioxide snow, all of which can be discharged within three minutes. Besides these booms, there are two carbon dioxide hand lines, which can be handled by men from either side of the truck, thus making it possible to train four carbon dioxide snow hoses on the fire at once, or to cover two or three fires at the same time, which might prove extremely valuable in the case of a crash of a multiple-engine plane. There is also a ground sweep stationary nozzle, which will protect the truck by sweeping any low burning gasoline or other matter with a carbon dioxide snow, thus preventing any damage to the truck.

### Carries 500 Gallons of Water

This amazing fire truck is also equipped with two hand hoses, which are used to spray water on the fire, when necessary. In addition to the large quantity of carbon dioxide, the truck can carry up to 500 gallons of water, which can be used on the blaze or as a protection for the man handling the carbon dioxide hoses.

One of the main advantages of the new fire-fighter is the fact that it stores the carbon dioxide at a temperature of 0 degrees Fahrenheit, which provides for greater efficiency over the old type of carbon dioxide extinguishers. Metal areas that are aglow with heat can be cooled in a few seconds and covered with slush from the carbon dioxide snow.

The controls of the truck are a veritable miracle of workmanship. Except for the hand lines, all the fire-fighting can be done by the driver of the truck, as all the controls are mounted on the dashboard within his reach. The boom nozzle, mounted on a high boom supported on the top of the cab, can, in a very short space of time, knock down and extinguish the highest of flames, when the carbon dioxide comes pouring out in a terrific mass discharge. At the same time, the front nozzle can be sweeping another flame. All this while the driver sits in his cab, regulating the angles and quantity of the discharge, and protected from the heat of the flames by the ground sweep nozzle, which is directed low into the heat of the flame, enabling the truck to approach very close to the hottest of fires.

## SAILOR MADE HAPPY

A Sedalia boy who was in the Navy for seven years and in much action in the war, had a complete breakdown; he was in a Navy hospital for four months and was sent home in a worse condition than when he entered. An honorable discharge was given; he was considered a psychoneurotic case which means a mental disease with no organic lesion.

Two months after he was sent home he started treatments at this office; three months later he was well, returned to his wife in Los Angeles and is now working in an airplane factory.

Why didn't the Navy hospital get him well? Because they did not have chiropractic. In every mental case there is something physically wrong even if the doctor cannot find it. The body is a mental, physical and chemical organism and each factor must be treated. The Navy doctors overlooked something that chiropractic found: an X-ray revealed vertebral subluxations and these have been corrected; diet corrected the chemical abnormality and psychological methods were used to aid the mental transformation.

Psychological methods and chiropractic work ideally together and if a case manifest an abnormal mental condition it, in many cases will not get well unless psychotherapeutic methods are used. Chiropractic is ideal for such cases. Our service men are cheated when they are not given what is necessary to get them well. Chiropractic could restore health to many of the apparently hopeless.

## On The 1944 Victory Road

Vacation time is here and your Victory Garden will help you enjoy a healthful, patriotic summer... one that will give you healthful relaxation and help to bring Victory for the nation.

It's more important than ever to get the most out of your victory Garden this year—to produce foods for canning. Every bit you raise and can at home saves other foods for war.

**Charge Holland  
With Murder**

(Continued From Page One)

the house in various spots." Ginn said, despite the fact Holland had a new floor laid in his kitchen, new paper hung in his kitchen and dining room, a kitchen door replaced, and woodwork repainted a week after the women's disappearance.

Ginn said the old door was not found by patrolmen and that the floor boards and linoleum torn out of the kitchen were burned in the yard.

**Tells Of Work On House**

Holland, however, said the door was "just pitched out in the yard" and some of the old flooring was re-used in patching and the rest thrown in a kindling pile.

Holland insisted the redecoration was planned and the lumber and paper bought months ago and that his wife had made arrangements before she disappeared to have the work done by a LaMonte carpenter.

That carpenter "was too busy to get to it, though," he explained, so he hired three other LaMonte carpenters.

The last time Holland saw his wife and mother-in-law, he said, was on the morning of April 15 before he started to Kansas City to deliver a car he had sold. When he returned late that night, he recounted, they were gone.

Asked why he did not report their disappearance, he said "it wasn't the first or even the second time they took out from home. Last year they left about morning in time and didn't come back 'til corn-pickin' time. I didn't rush to tell anybody about them bein' gone then, either."

He said he had vacationed at a cabin camp on the Lake near Camden and once had a power boat on the lake but he denied a report by an Ozark resort operator that he used to dock his boat at the spot where the bodies were found.

**Not Discuss Moving Bodies**

Officers would not discuss how he might have transported the bodies of the 230-pound Mrs. Fairfax and his 150-pound wife to the lake, 100 miles from his home.

Holland said he had a light "pickup" truck but sold it since his wife's disappearance. Holland was brought here this afternoon from Jefferson City by highway patrolmen.

Both bodies were riddled with shotgun charges and the heads hacked away. The left leg was chopped off Mrs. Fairfax' body above the knee and a deep wound was slashed across her abdomen. Both bodies were nude except for underwear.

Neither the heads nor the legs have been found, although patrol Capt. J. F. Shaw said a shovel "that looked like it had been used to bury something" was found at the Holland farm.

Rope burns on both bodies led the patrol to believe the women were bound when slain.

Holland has told "numerous conflicting stories about his whereabouts at different time and concerning several circumstances" surrounding the five-week long mystery, Ginn said.

He told the patrol on one occasion that his wife was in Texas and his mother-in-law in Florida, visiting relatives.

Three carpenters who replaced the kitchen floor told the patrol Holland had told them the women went to Warrensburg, Mo., while the farmhouse was being refurbished.

Ginn has described the women's slayer as a "fiend" and Ozark womenfolk for many days after the bodies were discovered stayed indoors after sunset and kept their doors barred, fearing a hatchet-wielding slayer still might be in the neighborhood.

**Overtime Parkers  
Forfeit Bonds**

In police court Saturday morning the following persons forfeited one dollar cash bonds for parking their cars overtime:

Miss Mattie Devine, 1630 South Sneed avenue; Mrs. L. J. Potter, of Ottumville; Miss Virginia Lower, Longwood; William Hayworth, 410 North Engineer avenue; C. T. Hiedler, Warrensburg; P. L. Williams, 1020 West Eleventh street; Mrs. Clarence Shireman, Houstonia; Mrs. Floyd McFarland, rural route, Sedalia; and George Brown, 1307 South Sneed avenue.

Mrs. N. U. Renshaw, 1208 West Second street, forfeited one dollar bond for improper parking.

Oscar Hendrickson, SAAF, Walter B. Eckert, 240 Quincy avenue, forfeited one dollar bonds for making left-hand turns in their cars.

**Irwin Raut Heads  
Bible School**

The Vacation Bible school of the First M. E. church will begin Monday at 2 p. m., and will continue each afternoon for the two weeks. The hours 2:00-4:00 p. m. The school is under the direction of Irwin Raut, with Mrs. William Stephenson in charge of the Junior department, Mrs. A. L. Walter, Superintendent of the Primary, and Mrs. Glenn Stewart with the Beginners. The studies for this year will be in the New Testament. The pastor will have a period, in the study of the church, Mrs. J. U. Morris will have half an hour each day for church music.

**Holland In Statement  
On Arrest**

(Continued From Page One)

over the remark they made about the women not being there. He explained it in this manner, "Every-one knew that Molly had left me before, and I just figured they were making conversation so I just told them she was in Warrensburg. However, she had told several about planning on leaving, even to the extent that as soon as she had gotten enough she was 'pulling out.' Their leaving isn't nice to talk about, so I didn't discuss it with anyone."

**"Read Little About Bodies"**

"I hardly pay much attention to the papers, in fact I had read a little about the bodies being found at the lake and didn't read it all, nor pay a great deal of attention to the article," Holland said when asked if he had read the papers about the finding of the two headless bodies at the lake.

Holland explained the flooring, by stating, "the patrol can look further and find that part of the flooring was used in repairing the cupboard floor, and making a ceiling in it. Also that most of the flooring was worn out, was in splinters and thrown out from the wood pile when it was taken from the house and used for kindling. When the time comes I will produce the flooring, if it is really missing as they say it is. As to the door, I am positive I can find it, it should be out there on the farm near the fence in the yard."

**Viewed Bodies at Columbia**

He explained how he was picked up at 5 o'clock Tuesday morning, of his two visits to Columbia where he viewed the bodies, of his two trips to the Lake of the Ozarks, and of his stay in Jefferson City.

"Friday night after spending sleepless nights on Tuesday, Wednesday and Thursday, I told the patrol I had all I wanted and asked to be released, that I didn't want no more of it. To my way of thinking I was arrested last Tuesday morning, not late Friday night or early this morning. I wasn't permitted to see anyone, talk to anyone other than the officers, and made to go here and there and not even given permission to read a newspaper. It was sometime after midnight, when I started to resent their acts, that they informed me I was under arrest and then rushed me off to the Cole county jail."

**Shows No Emotion**

When arraigned before Judge C. W. Bente, sitting ex-officio Justice of the Peace, Holland listened to the charge very attentively, showing no emotion other than shaking his head in a negative manner.

Just before being taken to the county jail, Holland called the reporter aside and said, "Try and call George Eckles at La Monte, and have him contact me. Molly had hired Eckles to do the work, but he insisted he couldn't at the present time. She even saw him only recently and asked him when he was going out to the farm and make the repairs."

**Says Services Sought**

Eckles Saturday night was contacted by the writer. He affirmed Holland's statement that Mrs. Holland had sought his services. He said that he was going to do the work, but explained that it would have been at least three more weeks before he could have had time to go to the Holland farm. Eckles also said that he had talked with Mrs. Holland only a few days before the date she had been reported missing.

Asked if he knew of any family troubles between the three he said, "I have worked at the farm, I have known Mr. and Mrs. Fairfax for a long time, and Mrs. Fairfax a short time, and I never heard them speak a cross word or have any short talk between any of them. When I last saw Mrs. Holland she seemed to be in a good humor."

The last remark Holland made when departing from police headquarters was that he was innocent and would prove it when the time arrives.

**Opportunity To Rest**

Captain J. F. Shaw, in charge of the investigation of the double murder, was in Sedalia Saturday night in company with Captain H. A. Hansen. He was informed of Holland's statement regarding sleepless nights. Captain Shaw explained that Holland was taken to a tourist camp, had his own bed, and had every opportunity to rest, and did rest, at the same time as Trooper Lloyd Amos, of Sedalia who was on the case.

At no time was Holland mistreated, Captain Shaw said. Holland admitted that the patrol officers at no time "man-handled" him. His only complaint being "he couldn't sleep."

**Equipment Arrives  
In Good Condition**

ST. LOUIS, May 20.—The painstaking job of packing for overseas shipment some 330,000 spare parts for guns, howitzers, ammunition, motor vehicles, tools, optical goods and delicate precision instruments, is now paying dividends as the battle unfolds in the hot, humid climate of the Southwest Pacific. Items that were packed in the United States during the past 12 or 15 months are now being opened in the Southwest Pacific, and nearly all are found to be in battle-ready condition.

The comparatively few exceptions, for the most part, are due

**Broadcast To  
"Underground"**

By JAMES M. LONG  
LONDON, May 20.—(AP)—Gen. Dwight D. Eisenhower's supreme invasion headquarters broadcast its first direct order to Europe's underground today, telling that huge and revenge-thirsty army to make careful and minute note of the Germans' every move to aid in the coming assault.

"In due course," the broadcast declared, "you will receive advice and instructions from the supreme commander (Eisenhower) himself," who "counts upon you as part of his force now being marshaled to inflict final defeat on the Germans and bring about the final liberation of your countries."

This first message to the "U" army, implying that regular broadcasts would be made, said the next one would be on Monday.

The headquarters spokesman called on the underground to note the strength and movements of German troops, tanks, and guns, to spot location of supply dumps, and urged the patriot army to be "disciplined and vigilant" to "hide all your actions until the word is given."

## Approval To Miners Wage

WLB Sanctions  
Agreement After A  
Year Controversy

By JOSEPH A. LOFTUS

WASHINGTON, May 20.—(P)—The War Labor Board Friday night approved the wage agreement reached between John L. Lewis' United Mine Workers and more than 70 per cent of the soft coal industry, after a year-long record of controversy and four general coal strikes.

The decision was 10 to 2, with two of the four industry members dissenting.

The effect of the decision is to transfer the contractual obligation for existing wage and working conditions from Secretary of Interior Ickes to the operators, thereby permitting probable withdrawal of government control of the mines covered by the contract.

The decision does not, however, close the coal case inasmuch as the Southern Coal Operators Association is not a party to the agreement, and therefore is not obligated to pay the \$40 lump sum settlement for retroactive travel time claims.

The southern operator group is contesting the principle of portal-to-portal pay in the courts. Hence, while the day to day wages in all soft coal mines will be uniform, only those miners under the contract will start collecting now the \$40 back pay for travel time.

**Propose Court Test**  
Edward R. Burke, president of the southern operators, said that group would not pay the \$40.

"There is no liability," Burke said, "and no reason to compromise a liability that doesn't exist. We propose to carry the court test to a final conclusion and to win it."

Lewis, UMW president, was out of the city, but a spokesman said the UWB's approval of the contract would "restore confidence to the men and enable the industry to operate at a high productive rate." He ventured the opinion, too, that the southern operators would be obliged eventually to accept all the terms of the contract.

The WLB industry members who dissented were John P. McWilliams and Frederick S. Sales. They concurred, however, in the portion calling for the \$40 retroactive payment. The two industry members who joined the labor and public groups were George Meade and Walter T. Margetts.

The principal change in the contract from the old agreement which expired more than a year ago is the establishment of a portal-to-portal day of nine hours. That is a day measured from the time the miners enters the mine entrance until the time he leaves it. Under the old contract, only the time spent in work at the actual coal face was measured and the day was seven hours.

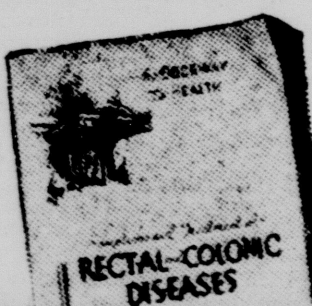

## No Conventions Should be Held

Although a number of organizations, large and small, have cancelled conventions in compliance with the request of the government, many others are continuing to hold "conventions as usual," Col. J. Monroe Johnson, director of the Office of Defense Transportation, said today.

"We are obliged to report that even with the prospect of invasion and the resulting need to keep transportation lines clear, unnecessary trade shows and conventions continue to be planned," Colonel Johnson said. "The governing officials of these organizations obviously have neglected to take into consideration the harm these conventions inflict on war-transportation efficiency."

Citing only one city, Colonel Johnson pointed out that in New York "seventy four trade shows and conventions are scheduled for May alone, and this despite the fact that this office wrote to all the organizations which had made public their intentions and requested that the conventions not be held unless the meeting was absolutely essential to the progress of the war."

The ODT has repeatedly requested that conventions and other travel-stimulating meetings be cancelled for the duration, Colonel Johnson said.

## Help From U. S. Changes The Outlook For China

KANSAS CITY, May 20.—(P)—Generalissimo and Madame Chiang Kai-Shek declared Friday that help from the United Nations has changed China's outlook from one of little hope as she stood alone to that of a comrade-in-arms in the "greatest potential power existent."

Their statement was made in a message that arrived too late for the general conference of the Methodist church, which met here early in May. The message was made public today by Methodist leaders.

The actual writing of the statement was done by Madame Chiang, who started her greetings to her fellow Methodists by recalling how things had changed since she and the Generalissimo had greeted the last conference four years ago. "Then China stood alone," she wrote. "The outlook gave little occasion for hope and less optimism, x x x but today, in addition to the other United Nations, she has America as a comrade-in-arms, able and willing to put the greatest potential power existent in the world into the battle for right dealing."

### Church For Leadership

Madame Chiang said the church must provide "valiant leadership" to assure a permanent peace at the end of "our victorious war." The mere attainment of peace does not suffice. To ensure that it will be lasting, to achieve in perpetuity the Christian ideal of peace on earth, we must have valiant leadership, x x x to take that leadership x x x is the privilege and duty of the Christian church."

Methodists' "crusade for a new world order," which was held the first of this year and in which 8,000,000 Methodists were asked to campaign vigorously for an international organization to insure peace, was praised by Madame Chiang, who added:

"In world collaboration alone will lie the possibility of permanent peace."

Madame Chiang also thanked the United States for its gifts to China relief, and added that she was pleased to note that the church had an "energetic missionary policy" for after the war.

This marked the second greeting to the church this month from the couple who probably rank as the world's best known Methodists. The Generalissimo cabled a short message of greetings during the conference.

## United Front Is Strong Urge

Wadsworth In  
Outline of Post-  
War Policy

By WILLIAM F. ARBOGAST

WASHINGTON, May 20.—(P)—Army and navy leaders were urged by Representative Wadsworth (R-NY) Friday to forget "little differences" and smooth out "frictions and jealousies" so they could present a united front for maintenance of "adequate military forces" after the war is won.

The New Yorker gave this advice as the house postwar military policy committee concluded hearings on the question of consolidating the war and navy departments into a single department of defense. He is a member of the committee and sponsored the legislation that created it.

Wadsworth said that after each war there has been a wave of public sentiment for sharp curtailment of the armed forces, and declared the army and navy should work together to "erect a sound and understandable defense against those traditional postwar tendencies."

"Do not forget what happened in the 1920's," he admonished army leaders who attended the final session of hearings during which the army advocated and the navy generally opposed a merger.

His remarks, he explained, were addressed "to the officers holding responsible positions in the armed services of the United States."

"I do not need to remind you of the cruel, bitter price which our country has paid in lives and treasure as a result of past en-

# SAAF To Meet LaMonte In Opener Today

Two Key Men of The Gliders Team Have Been Transferred

The first baseball game to be played on Sedalia Army Air Field this season will unveil the talents of the SAAF Gliders, as they represent the Base in a game against the LaMonte Baseball Team tomorrow afternoon. The game is scheduled to start at 2 p. m. on the 12th Street baseball diamond, which is at the south end of the Base.

The Gliders will take to the field without two of their key ball players who contributed much to the team's hitting power and good fielding. These two men—Lt. Bill Trotter, shortstop, and Cpl. Bill Tyler, 1st Baseman, have been transferred, and their loss is felt heavily.

However, with players like Cpl. Jimmie Pigott caving around 3rd Base and leading the team in hitting, and with Lt. Mike Fredrick's dependable hitting, the Gliders Baseball Squad's outlook is not too gloomy.

The Squad still lacks a south-paw hurler, but Cpl. Mel Bresin, Cpl. Ted Sepkoski, and S/Sgt. Roland Green have alternated in handling, very effectively, the pitching burden.

The Gliders wound up an intensive week's drill that included two practice games, six innings each, and plenty of hitting and fielding that T/Sgt. Joe Wencuski hopes will pay dividends in the first game.

## What Goes There Wins The 69th Withers Mile

NEW YORK, May 20 —(P)—Who Goes There, an outsider from George D. Widener's barn, easily won the 69th Withers mile and its purse of \$16,250 before 40,732 fans at Belmont park today.

Setting all the pace under Johnny Longden, the son of Challenger 2nd pulled away in the last quarter-mile to win by four lengths, in 1:38. By Jimmy, owned by Alfred P. Parker, took second in a photo finish with Crispin Oglebay's Boy Knight, as Mrs. George Poulsen's Broadcloth, second in the Kentucky Derby and favorite in the 13-hour field, wound up eighth.

Who goes there paid \$40.90, \$18,000 and \$11.00 across the board.

# Sport Scraps

(By D. KELLY SCRUTON)

I have received a letter on my desk written by a Sedalia boy who is in the United States Marines, Peter J. Myers, Ph M 2/c, in which he refers to the Democrat. He tells of reading the paper from cover to cover, including even the want ads and sport page.

Of course, all you readers have been reading of the success the Smith-Cotton Tiger track team had. They didn't win any championships, but the team had an excellent record. This information I am happy to pass on to Myers.

Pete told us he had met four or five Sedalia boys over in the South Pacific area—but he didn't mention any names. We are wondering who they are. We pass on to Pete a wish for the best of luck and a speedy return.

THE appeal for the baseball caps for Robert E. "Bob" Hudson is going along, but to date not enough has come for eighty caps. As you will recall we asked for information on how to get 'em. Well, no information has arrived, but several Sedalians have made arrangements to buy caps.

I am sure the boys will appreciate the caps, so if you want to get two or three, just let us know. Thanks again.

THIS little piece isn't on the line of sports, but about 'good sports', several boys who are in the service, strangers to Sedalians, who appreciate what many Sedalians have done in getting them cigarettes.

Some months ago the B. P. O. E. Elks sponsored sending large packages of cigarettes to the boys overseas. Last week the local lodge received a letter from some boys in a hospital asking the Elks for these packs of smokes, which they were while recuperating in North Africa.

He told of noticing the little greeting. He said in part, "Brother, it felt good to read that and good to see that name again, although myself, I'm from Philadelphia. Still it warmed something in here, (a picture of a heart), and I felt like writing and expressing my thanks."

The young fellow who wrote the letter had his first assignment at the Sedalia Army Air Field, and told how much he liked Sedalia. He signed his name Sgt. William "Bill" Erick; others who signed the letter were: S/Sgt. Eddie Byers, Jr.; Guymon, Oklahoma, Sgt. Vincent Garroette, Shidler, Oklahoma, Sgt. E. L. Tinaman, Chicago, and Cpl. James Freeze, Ames, Ia. A post script was on the letter which read "These fellows really deserve the best. 2nd Lt. Jay Lyon, A. N. C." (Ed's note. We can bet the fellows are being well looked after if a nurse like Lt. Lyons is taking care of 'em).

LATE Saturday night the rain began to fall. I might suggest to the Hornets to play their games away from home instead of at home and maybe they won't have any postponements. It seems every time they schedule a home game it rains.

Maybe 'Old Man Sol' might just up and shine bright today and let the Hornets get their home season started. We hope so for them.

I expect the column sounds flatter than usual this week, but on the other hand there's been too much murder story in the air. Or maybe it is like Sergeant Henry Leven says, "Someone laid something heavy on the type".

## Iowa State Wins First Big Six Meet

Second Place Kansas Scores 56½ Points as Cyclones Score 67

By RANDALL BLAKE

LINCOLN, Neb., May 20 —(P)—Iowa State's team strength today overcame the individual brilliance of Kansas University performers and the Cyclones took their first Big Six track and field outdoor championship with 67 points to 56½ for the second place Kansans.

The triumph gave Iowa State a "double" for the year, the Cyclones having taken the indoor meet at Kansas City.

Oklahoma, paced by Clarence Vicklund, whose win in the mile and two-mile gave the sparse crowd that gathered under unfavorable dripping skies two of its greatest thrills, finished in third place with 34½ points, Missouri took fourth with 32½, Nebraska fifth with 24½ and Kansas State last with nine.

The 5-4-3-2-1 scoring system gave Iowa State the edge it needed to overcome the seven first places taken by Kansas through the work of Walt Isaacson who won both dashes; Tom Scofield, broad and high jump winner; Frank Stannard, winner of both hurdles and Leroy Robinson, javelin winner.

On the other hand, Iowa State won but two firsts—Harold Matejka taking the 880 and then pacing the Cyclones mile relay team to a last step victory over Oklahoma. But the Cyclones always seemed to be staging a procession of point winners and after they took a 7 to 6 point lead through a second and third in the mile run, opening event, never were headed.

No records were broken, but times of the running events were good considering the rainy morning and cloudy and partly rainy afternoon.

Top races of the day included the 440 in which Dean Kratz, Nebraska, nipped Bob Bradt of Iowa State, in the last three steps, and the 100 in which ten yards from the finish the entire field seemed to be running a dead heat, Isaacson took that race.

However, the real favorite of

## SAAF Badminton Title Retained by Lt. Lloyd

Lt. John Lloyd, Adjutant of the SAAF Wac Detachment, has retained her crown in the badminton singles, by defeating Lt. Edythe Kirk 11-2, and 11-10 in the tournament held in the gym at the Sedalia Army Air Field.

The former champion in retaining her crown, displayed accurate and forcing shots along with steady playing. Lt. Lloyd triumphed over a field of 22 WAC entries.

The finals of the tournament were played last Thursday night.

the crowd was Oklahoma's Vicklund, who came roaring up from second place to take the mile in a great finish, and repeated in the last 100 yards of the two mile to win going away. Matejka also got a great hand when he nipped Dave Day of Oklahoma in the last two yards of the mile relay that finished the meet.

"Frisco Kid" and "Spotlight Scandals" with Frank Fay, Billy Gilbert and Bonnie Baker is the double feature program at the Uptown Theatre for Sunday through Tuesday.

## Cardinals Shutout The Giants

Lanier Strikes Out Eleven and Allows Giants Three Hits

ST. LOUIS, May 20 —(P)—Southpaw Max Lanier got his sixth win of the season tonight, giving the St. Louis Cardinals a 10 to 0 victory over the New York Giants. Lanier allowed but three hits and struck out 11.

The Cards backed up Lanier's pitching by knocking the Giants' Bill Voiselle off the mound in the sixth. He was replaced by Harry Feldman who was promptly hit for two runs in the same inning.

Ken Brondell went in for the Giants in the eighth and was followed in short order by Walter Ockey. It was of no avail as the Cards clouted them for five runs.

## Navy Track Teams LC-4A Track Title

PHILADELPHIA, Pa., May 20 —(P)—Navy's surprising track team easily won the 68th Annual LC-4A title today by scoring 81 points. The total score broke the meet record of 71½ points which Southern California established in 1939. That was the only mark to go in the meet watched by approximately 1,000 spectators on Franklin Field.

## Sergeant is Former Pro

S/Sgt. George M. Vatke has played professional golf on some of the best courses in the country with such top-flight pros as Byron Nelson, Craig Wood, Ben Hogan, Horton Smith, and Gene Sarazen.

The former golf pro, now a supply Sgt in Section "A", practices during his free time. A plot of grass next to the supply room, two favorite irons, and a soft practice ball are all that Vatke needs to maintain his "touch" and to keep his swing from getting stale.

Sgt. Vatke became a member of the Hole-In-One Club when he neatly dropped a 207-yard drive that rolled into the 16th hole on the Monroe Golf Club, Rochester, N. Y. A native of that city, the 37-year-old golf pro started playing at the age of 14, when he was a caddy. He played big-time golf in all sections of the country for years prior to entering the army in August, 1942.

A Winner  
 Although Vatke did not cop first money prizes, he was a money player in golf tournaments such as the New Orleans Open, Maine Open, Los Angeles Open, Texas Open, Maine Open, North and South Open, and qualified for the P.G.A. and National Open.

Sgt. Vatke has a pro shop, replete with golf equipment, at the Monroe Golf Club. He brought along his two favorite irons when he came into the army. "They're old pals of mine," said Sgt. Vatke.

Cotton diamond, Tuesday night. Practice will start at 7:15 o'clock. Games scheduled for the latter part of this week are with La Monte, Smithton, and Sacred Heart.

Girls interested in the team can learn further particulars by attending practice next Tuesday night, or telephoning the USO.

Yankee 'Monk' Dubiel Pitches and Bats Team To a 3-2 ictory

NEW YORK, May 20 —(P)—Walter (Monk) Dubiel pitched and batted the New York Yankees into first place in the American League standings today, as the world champs defeated the St. Louis Browns, 3-2 before 11,790 paid admissions.

Hold Browns to Four Hits  
 Dubiel held the Browns to four hits and made two himself, scoring one and driving in another. He scored the first Yankee run in the fifth when he singled, went to second on a safe bunt by George Stinewiss, to third on Bud Matheny's sacrifice and tallied on Ed Levy's long fly. His double in the eighth drove in Rolie Hemslay with the run that decided the game.

Jack Kramer, winner of five games, hurled a creditable game, but caused his own downfall by committing a balk in the fifth, which allowed Stinewiss to score with the second run of the inning.

Al Zarilla made two of the Browns hits, including a triple in the ninth, and scored both of their runs.

Yanks End Losing Streak  
 The triumph ended the Yankees losing streak of four straight.

ONE THING that seems to be assured for the future is the increasing importance of radio in education. Radio's mass transmission of ideas affords distinct advantages in the educating of peoples, not only in this country, but throughout the world. In such learnings and understanding the world may find a way to a lasting peace.

Little wonder then that the recent conference of the Ohio State Institute for Education by radio attracted cultural leaders from throughout the country. Those attending from KMBC included Caroline Ellis, woman commentator; Dr. Charles F. Church, Jr., currently making a study of radio in education for KMBC; Mark N. Smith, head of research; and Edwin Browne, educational director.

From out of such conferences, KMBC's educational heads come better prepared for ever-broadening radio's service to this community. KMBC already has an enviable record in the field of education, cooperating fully with CBS "American School of the Air" and presenting such programs of its own creation as the "Classroom of the Air."

REALIZING THE EQUAL IMPORTANCE of good entertainment as well as education in radio shows for children, KMBC has always set aside a portion of its daily program schedule for this purpose. For instance, the "Big Brother Club" which is heard throughout the week at 5:30 p. m. is an ideal "fun" show for children of all ages. "Blondie" on Mondays at 6:30 p. m. brings to life the kiddies' (and grown-up) favorite comic strip. Burns and Allen offer wholesome

## Churches To Observe Rural Sunday Today

### 4-H Club Prayer To Be Stressed In The Worship

Today in Pettis county communities, churches are observing Rural Life Sunday to encourage young people as well as old to identify themselves with those institutions that stand for the high ideals of a community and to give praise for the great rural heritage of America.

The theme of the services is Serving God and Country. The inspiration gained in these services will be a motivating influence to many, to gird themselves physically, mentally, and spiritually to carry on to what may sometimes seem beyond their strength.

The following 4-H club prayer written by J. R. Hargreaves and used on several of the programs is an example of the inspiration brought forth in these services throughout Pettis county.

### 4-H Club Prayer

"Thou Eternal Spirit of Life, the Heavens declare Thy glory and the fields and woods reveal Thy providing care. Thou art our Father.

"As the stars in their courses make known Thy power, so do the beauties in flower and bird show the provisions for our pleasures and suggest the values of all

created things. We would know how to use and how to protect and conserve these values which are in all Thy creation. May Thy purposes not be defeated by our carelessness, but rather increased by our appreciation.

"We thank Thee for all Thy provisions for human happiness, for the love of home and friends and for all those influences which turn work into pleasure and make of what might have been life's monotony a bright song. We pray that Thy spirit may govern us in all our activities and all our pleasures and social contacts, and in such manner that we may spend our days in harmony with Thy holy will and our eternal well-being. Help us to feel that all legitimate work is holy, and in it may we constantly come to a clearer understanding and consciousness of the Divine Presence. May we so live that Thy Face will always be visible, even as to the pure in heart.

"We pray for an ever-increasing understanding of men, women, boys, and girls throughout our war-torn world. May we do our full part unceasingly in helping to win the war and to bring about a just and lasting peace. And when our brothers and sisters now in the armed forces return, may we give fully of ourselves in helping them to happily adjust themselves mentally, socially, and spiritually to the life of their own homes and communities. In all this, may we exercise that power of initiative which can take advantage of situations and conquer difficulties. May we come to understand that the development of this initiative is a sacred duty and that in using it we are working together with Thee. We also pray for that life consciousness which looks beyond the world we now see and beholds our fulfillment in a greater sphere. As we live, in time may we come more and more to feel the sense of eternity and to make our plans accordingly.

"In our 4-H club work, give us the power to be thankful for our many varied experiences. May we rejoice with those who have won recognition and be sharers in the satisfactions that come from doing a worth-while piece of work. Where there have been disappointments, may they carry with them some lesson which will be of future advantage. If there has been any experience we should forget, give us the power and grace to cast it from our minds, but let the aroma of the pleasant carry back to our homes and clubs. We pray Thy favor on our club leaders and associates, on our county extension agents, and may our local helpers, who have given so freely and unselfishly of their time, feel

that they have been doing Thy service. As we have freely received, may we be prepared to pass on to that which we have gained; to serve our communities as we have been served. May we see Jesus in our everyday contacts and may He become the pattern of our lives. Amen."

**Tribute To Living**  
4-H club members and leaders, Extension club women, Farm Bureau folk, ministers, and Sunday School people have cooperated in planning for this one-day tribute to rural living and challenge to Serving God and Country.

## Chamber Music Concert at Base

## Bride

Membership in the Sedalia Country club has increased to the highest point in a number of years, with new civilian as well as military members.

There were 75 persons in attendance last Sunday at the family night supper. Reservations for Sunday suppers should be made by Saturday noon.

Winners at the ladies day luncheon card party Wednesday were Mrs. W. E. Pearl and Mrs. L. J. Banner in bridge and Mrs. J. C. Griffin for Mah Jongg.

There will be the regular ladies' day party this Wednesday with reservations for the 1 o'clock luncheon to be made by Tuesday noon.

Pvt. Ruth V. Davis of Calisburg, Md., of the Women's Army Corps, became the bride of First Sergeant Charles E. Sheets, son of Mr. and Mrs. C. E. Sheets, 231 South Prospect avenue, at 8:00 o'clock Saturday evening, April 29, 1944, at the Bethesda Methodist church in Salisbury, Md., with Dr. J. Leas Green, pastor, reading the double ring ceremony before a separated archway of fern, lighted candles, white lilies and snapdragons.

Attending the couple were the bride's sister, Mrs. Ralph Davis, matron of honor, and Master Sergeant J. P. Barlow, Flushing, N. Y., best man. Sgt. Sheets and Sgt. Carlton were associated at Swift and company in Salisbury.

The bride, who was given in marriage by her brother-in-law, Ralph Davis, wore her WAC uniform and a corsage of talisman roses representing the WAC colors of yellow and green.

Her sister was attired in Navy blue and white.

Instead of ushers Mrs. John R. Hargreaves and Miss Imogene Carthurs served as usherettes and wore tailored suits.

Wedding music was played by Mrs. Donald H. Baysinger. A reception in the Memorial Hall of the church was held after the ceremony with Bethesda women and girls serving.

## COTTON and VICTORY go hand in hand

It takes a lot of Cotton to win a war. In our armed forces, the world's best dressed, best equipped soldiers require cotton fabrics at the rate of 120 yards per man per year.

Add to this the clothing and equipment required for millions of workers in war industries, plus the essential needs of other millions of daily users at home, and you have an inkling of the stupendous war-time job of the American Cotton Textile Industry.

American cotton textile mills are doing this war-time job with a volume production, unprecedented in the history of our country.

War needs come first, but with this volume production of the textile industry, civilian needs are being taken care of on a limited scale. Here at Connor-Wagoner you will find one of the brightest arrays of Cool Cottons we have ever offered.

## Wacs at Home Away From Home

Entrance hall of the apartment house-like barracks of members of the Women's Army Corps serving at Allied Force Headquarters in North Africa. Note the typical French elevator at the right.

National WAC Recruiting week, originally scheduled for the period from May 11 through May 17, has been extended through May 25th on orders from Washington, it was announced today.

Planned for the two-fold purpose of celebrating the second anniversary of the formation of the Women's Army Corps and spurring the drive for more volunteers, the campaign is being sponsored by the War Activities Committee

of the Motion Picture Industry at the request of the war department. In Missouri, the American Legion, the Legion Auxiliary and scores of other civic and patriotic organizations are cooperating with more than 1500 theaters with a special series of programs designed to bring home to the women of the state the urgent need for more WACs to fill vital jobs with the Army, Air Forces, Ground Forces and Service Forces.

## Graduation at Hubbard Hi

Address Given by Prof. John Rufi, Of State University

"Keeping up the Morale" was the theme of an address by Prof. John Rufi, Ph.D., of the education school of the University of Missouri, Friday night at the commencement exercises at C. C. Hubbard high school.

The three highest ranking pupils in the senior class this year were David Lollis, Helen Greene and Marietta Finley. Scholarships for the honor students have been offered by Lincoln University, Jefferson City; Taladega college in Alabama; Fisk University, Nashville, Tenn.; and Chicago University.

An inspiring talk was made by Prof. Rufi who is chairman of the North Central Association of Colleges and Secondary schools for the state of Missouri.

The address was filled with humor, wit, and well delivered. He gave four important suggestions for the up-build of our morale.

1. Safeguard our physical health. We know enough about the law of good health, that we can add to the span of our useful and happy lives.

2. Retain our sense of humor. We can lessen some of our trouble by laughing. He said it took thirteen muscles to smile, and sixty-five to frown. Good humor is somewhat related to good morale.

3. Guard our perspective. Sane sense of proportion.

4. Ally ourselves with a good cause.

Music for the program was by the C. C. Hubbard high school chorus.

Dr. Heber U. Hunt, superintendent of the Sedalia public schools, presented the diplomas to the graduates. Several young men of the class already are in military service.

The Rev. H. U. Campbell, pastor of the Fifth Street Methodist church, gave the invocation, and the benediction prayer was pronounced by the Rev. John H. McAllister of Gammon Theological Seminary, Atlanta, Ga.

## Sedalian Home After 17 Months Overseas

First Lieutenant Gerald Lawrence, U.S. Army, is at home on leave after spending 17 months overseas, taking part in several engagements including the invasions of Salerno and Anzio beach. He saw for the first time his son, Larry Wayne, aged 14 months, who was born after he left the country, and who with Mrs. Lawrence are making their home, during his absence with her parents, Mr. and Mrs. E. E. Uffman, route 5.

Lieut. Lawrence is a son of Mr. and Mrs. L. L. Lawrence, 518 East Fourth street. He is with the Signal Corps.

## Party for Hostesses

The following senior hostesses of the local USO club have been awarded pins in recognition of a minimum of 50 hours service since their last group meeting: Mrs. Charles Van Dyne, Mrs. Hugo Sparr, Mrs. Roy Snyder, Mrs. Pearl Smythe, Mrs. Wayne VanZandt and Mrs. T. W. Cloney, II.

Miss Roseanne Dugan, chairman of the senior hostesses, plans a recognition program early in June for those hostesses who have served a minimum of one hundred hours.

## To Sew at Air Base

On Monday evening, May 29, a group of senior hostesses from the USO will go to the Service club at the air base for a special sewing project. Mrs. Peter Hoffman is recruiting the group for this trip and those interested are asked to contact her.

## USO Dance

The weekly dance sponsored by the USO was held at the Sacred Heart gymnasium Saturday night with the "Rhythmaires" furnishing the music.

Refreshments were served by the South Abel Homemakers club.

## Stocks Show A Recovery Move

NEW YORK, May 29.—(AP)—Speculation, after a week of moderate strength, continued to control the recovery movement in today's stock market.

The better performance of the list, as a whole, throughout the 6-day stretch, was attributed partly to the more hopeful war news, waning of invasion apprehension and revival of optimism on earnings and dividends.

While idle investment funds returned to the market in a modest degree, low-priced motors and oils were among the most popular, from a speculative standpoint, with the majority of leaders in all groups doing little or nothing.

Trends were slightly mixed from the opening of the 2-hour proceedings and were irregularly higher at the close.

## Inquest Into Higgins Death

There will be an inquest into the death of Cecil Higgins, former Sedalion, who died of gun shot wounds in the general hospital, Kansas City, according to an article in Saturday's Kansas City Times, reading as follows:

"A Sedalia, Mo., father came to Kansas City yesterday to investigate the death of the second of his two sons, both of whom were killed here.

"The father is Marty L. Higgins. His son, Cecil Higgins, 34 years old, was shot early Wednesday by a civilian employee of the police department. While inquiring into the cause of Cecil Higgins' death, the father told James A. Griffin, secretary to the coroner, that his other son, Charles T. Higgins, had been killed in a motor car accident in the Intercity district four years ago.

"Charles Higgins and his son, Elwood Higgins, now 15 years old, were passengers July 6, 1940, in a car driven north on Sterling avenue by Julian A. Motz, Route 3, Kansas City. The Motz car was in a collision with a car driven west on Brookings road by Bruce E. Reuteler, 4942 Agnes avenue. The impact carried the cars twenty-five feet. The Motz car overturned against an embankment and pinned Higgins and his son underneath. The boy was slightly injured.

"Griffin said yesterday an inquest into Cecil Higgins' death would be held Wednesday at the request of the father. Higgins told Griffin he had heard his son had a considerable amount of money the night he was shot. Only 68 cents and a pocket knife were found in his pockets after the shooting, Griffin said.

"Higgins was shot in front of a tavern at 2607 Troost avenue by John G. Brown, clerk in the motor theft bureau at police headquarters. Brown went to the aid of Lieut. William E. Parker, police officer, who had been called to the tavern for protection against Higgins. When he apprehended Higgins in a car in front of the tavern, Higgins was said to have thrust a revolver against Parker's stomach. Brown arrived on the scene at that time and shot Higgins in the face."

## Additional Society

Miss Eloise V. Bernard, daughter of Mr. and Mrs. John P. Bernard, 405 West Fourth street, and Mr. George G. Johnson, were married at 9 o'clock Monday morning, May 15, at Cathedral of the Madeleine, Salt Lake City, Utah.

Attendants were the bride's parents.

The Rev. Fr. Stoffel officiated and after the ceremony a wedding breakfast was served at Hotel Utah for the bridal party including the officiating priest.

For the wedding ceremony the bride wore a two-piece suit of dove grey crepe with aqua felt hat and accessories. The decorations were various spring flowers.

Music consisted of Ave Maria and Sacred Heart hymns played on the exceedingly large organ at the cathedral.

The bride attended school in Sedalia, graduating from Smith-Cotton high school in the class of 1932 and later took a course in nurse training at the Missouri Baptist hospital in St. Louis, since which time she had followed her profession after graduation at St. Mary's hospital in Jefferson City and other hospitals.

Mr. Johnson is a former St. Louis resident and now is general agent at Salt Lake City for the Greyhound and Union Pacific bus lines. Mrs. Johnson will assist him there in his office work.

They are residing at present at the Belvedere apartment hotel.

Mr. and Mrs. Bernard who went to Salt Lake City for the nuptials returned home Saturday morning.

## Church News

The Business Women's Missionary circle No. 7 of the First Baptist church will meet at the home of Mrs. R. P. Rupard, 216 East Broadway, Tuesday evening, May 23 at 7:30 o'clock. Mrs. Fred Arbogast will have charge of the devotional.

## Found Dime In Chicken Gizzard

A chicken, purchased by A. A. Schupp, 1021 West Sixteenth street, cost ten cents less than he thought it was going to be-

cause a thin dime was found in the fowl's gizzard.

Mrs. Schupp was preparing the chicken to cook Friday night. When she cut the gizzard open she noticed something bright and shiny fall into the sink. Picking it up she found it was a dime.

# U. S. Fliers Down 125 Airplanes

Heavy Loads of Bombs In Attacks On Berlin And At Brunswick

By AUSTIN BEALMEAR  
LONDON, May 20 — (A P)—Battling through furious Nazi defenses, a fleet of 1,500 American heavy bombers and fighters renewed the Allied aerial assault on Berlin and Brunswick Friday, shooting down 125 German planes at a cost of 26 bombers and 19 fighters.

The smashing resumption of the offensive from British bases brought out great swarms of Nazi fighters which had rested while weather checked the Allied onslaught.

Battles raged all over the sky, but the U. S. Fortresses aid Liberators plunged through to rain an estimated 1,000 tons of bombs on each of their objectives.

The thunderous renewal of the pre-invasion aerial campaign after a five-day lull from British bases saw a total of more than 2,500 Allied planes take to the skies and drop 3,000 tons of bombs. After the heavy bomber operations had been completed escorted medium and light bombers of the Allied expeditionary air force made a series of late evening stabs into France and the lowlands.

**Good Results**  
A communique issued by the U. S. strategic air force said that heavy bombers flew through intermittent clouds which caused some formations to unload their bombs by instruments while others aimed at their objectives visually and were able to report good concentrations.

In addition to the determined fighter opposition, the communique said that "flak was moderate to intense."

Up to 750 Liberators and Fortresses with an escort of at least

equal strength, delivered the twin blows on the Reich war centers in an apparent repeat performance of the May 8 raid, when 2,000 American planes carried out the first simultaneous attack on the cities, tagged by the fliers "Big B" and "Little B."

In that sledge-hammer assault, the last previous one on the German capital, the Germans lost 119 of their fighters, while the cost to Americans had been 36 bombers and 13 fighters.

The Berlin radio described the air battles in today's attack as "especially fierce," and said "flak also is taking an effective part" in the defenses.

## Anti-Aircraft Fire Intense

The first fighter and bomber pilots back from the capital said the Nazis threw up an intense anti-aircraft barrage and sent up swarms of fighters which attacked in waves. The Germans apparently marshalled fighters in certain areas to concentrate on one section of the formation at a time. Some groups reported attacks by from 50 to 100 German interceptors, while others said they encountered no opposition at all.

One Fortress pilot said he had "never seen so many enemy fighters before," and another recalled an attack "by 50 Focke-Wulfs in one bunch," directly over Berlin. One Fortress group was attacked twice by waves of 30 Germans each. Not a single Fortress was lost in either attack, but bomb-er gunners downed several enemy fighters. One Fortress crew claimed four.

The enemy's anti-invasion installations along the northern coast of France also came in for a daylight pounding by formations of RAF Mosquito and Typhoon fighter-bombers.

It was possible that today's operation provided the kick-off for the greatest aerial offensive yet—the offensive which Gen. Henry H. Arnold, American air force chief, indicated was in the offing.
